### Education

**Mercer University** - Graduated Spring '23

Journalism, B.A.

Communication, B.A.

Minor in Media Studies

---

---

### Experience

#### **The Kearney Hub - Photographer and Videographer**

June 2023 - April 2025 | Kearney, Nebraska

- I worked as the only visual journalist on staff. I covered three to four daily assignments, including daily news, features, and sports, creating a photo gallery and video for each assignment. I also conducted interviews and gathered information for the captions. My assignments included: The first annual Nebraska Volleyball Day, Nebraska football, Nebraska state sports tournaments, and a train wreck. Link: [Larry Sullivan](#)

#### **The Macon Telegraph - Photo Contributor**

January 2022 - May 2023 | Macon, Georgia

- I started as an intern for 10 - 20 hours a week. I covered daily news, shot portraits, marches, conventions, sports, crime, and breaking news. After a semester, I was promoted to a photo contributor. I photographed images for galleries that ran online and in print. I also gathered the information for detailed captions and met quick daily deadlines. Assignments included: Mural openings, high school sports, the Macon Cherry Blossom Festival, a naturalization, and the Georgia Wheelchair Championship.

### Mercer Athletics - Photo Intern

August 2022 - December 2022 | Macon, Georgia

- I worked with the athletic department at Mercer University to get photos of football, basketball, volleyball, and soccer games for use online, on social media, and in their archives.

### The Macon Telegraph - Couric Intern

Summer 2022 | Macon, Georgia

- I was selected as one of four Couric Fellows by the Mercer Center for Collaborative Journalism and worked as a full-time photo intern for the Macon Telegraph. Assignments included covering Jon Ossof, Bragg Jam, Miss Georgia Kelsey Hollis, football camps hosted by NFL players, a Pro-choice protest, and a murder trial.

---

## Skills

---

Portrait Photography, Sports Photography, Adobe Lightroom, Video editing in Adobe Premiere, Audio reporting and editing with Adobe Audition, meeting deadlines, interviewing, writing detailed captions, creating content for social media, leading teams, handling multiple assignments simultaneously, and responding to breaking news.
